PYRENÉES COAST TO COAST

TWO SEAS, ONE EPIC MOUNTAIN RANGE.

Get ready for the ultimate 12-day motorcycle adventure that takes you from the sparkling shores of the Mediterranean to the wild surf of the Atlantic, riding the legendary spine of the Pyrenees.

Starting and ending in Barcelona, this coast-to-coast journey blends everything a rider dreams of: fast, flowing curves, tight mountain switchbacks, dramatic ridgelines, and roads that seem to touch the sky. Each day brings a new landscape and a new vibe, from sunlit coastal roads and Andorra's dizzying passes, to France's hidden valleys, the foodie paradise of San Sebastián, and the spiritual energy of Lourdes.

You'll have time to explore too, with rest days in Andorra la Vella and San Sebastián — ride more passes, relax in style, or dive into local culture and cuisine. Nights are spent in hand-picked hotels that reflect the charm of the region, and days are filled with unforgettable riding.

This isn't just a tour — it's a journey through three countries, across two coasts, and over countless epic roads. The Pyrenees were made for motorcycles, and this adventure proves it.
